DETAILED ACTION

Election/Restrictions

1. Applicant's election without traverse of Group II in Paper No. 4 is acknowledged.
2. Claims 1-6, 18-20 withdrawn from further consideration pursuant to 37 CFR 1.142(b) as being drawn to a nonelected Group I, there being no allowable generic or linking claim. Election was made **without** traverse in Paper No. 4.

Claim Rejections - 35 USC § 112

3. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.
4. Claims 7-17 and 21-31 are rejected under 35 U.S.C. 112, second paragraph, as being incomplete for omitting essential steps, such omission amounting to a gap between the steps. See MPEP § 2172.01. The omitted steps are: explanation of which crystal body is melted before the crystal body is pull-grown. The examiner is referring to line 12 in claim 7 and line 8 of claim 21, in particular.
5. Claims 7 and 21 recites the limitation "...after the crystal body is melted;..." in lines 12 and 8, respectively. There is insufficient antecedent basis for this limitation in the claims. No prior mention of a crystal body is present in the claims.

Drawings

6. Figure 1-3 should be designated by a legend such as --Prior Art-- because only that which is old is illustrated. See MPEP § 608.02(g). A proposed drawing correction or corrected drawings are required in reply to the Office action to avoid abandonment of the application. The objection to the drawings will not be held in abeyance. The phase diagrams were known in the art. The Fig. 3 apparatus is described as "conventional".
